

PROTECT PUBLIC SERVICE.

**We need the public service
experts who run the systems that
are critical for health and safety.**

Without people like me ensuring that va.gov is secure, the **private, financial, and health care data of American veterans is at risk of being stolen**, sold to the highest bidder, and used to harm people.

Jonathan Kamens,
former cybersecurity staff member
for Veterans Affairs (via MSNBC)

Sweeping Federal Worker Layoffs Leave States Reeling

NEWS | MARCH 13, 2025

We all suffer from federal workforce cuts

Lost Jobs, Broken Hearts and Harms to National Parks

**WE LOST
MORE
THAN JOBS**

**When public workers disappear,
so do vital services.**
